# Gliga Dumitru

Javascript Developer

## Profile

Front-end enthusiast, eager to contribute to team success through hard work, attention to detail and excellent organizational skills. Good understanding of web technologies. Motivated to learn, grow and excel in everything that I love. Fully proficient in Javascript with an analytical approach to developing useful solutions.

## Employment History

### UI Developer Intern at Endava, Iasi

Nov, 2018 - Dec, 2018

- Created tasks and communicated deadlines to ensure projects were completed on time.
- Participated in continuous improvement by generating suggestions, engaging in problem-solving activities to support teamwork.
- Quickly learned new skills and applied them to daily tasks, improving efficiency and productivity.
- For 6 weeks I learned the basics of Javascript, then with the entire team, we created an application for HR people to help organize quizzes for new students on summer practice. This project was created using ReactJS and Redux.

### Front-End Developer at Endava, Iasi

Feb, 2019 - Present

- Collaborated with clients during development processes to implement the required design.
- Worked in an Agile-driven environment to effectively maintain project timelines and utilize available resources.
- Consulted with customers to gather requirements and discuss design choices.
- Worked closely with other business analysts, development teams, and infrastructure specialists to deliver high availability solutions.
- Modified existing software to correct coding errors, upgrade interfaces and improve overall performance.
- Technology stack: ReactJS, Redux, SCSS, HTML
- Tools: Github, Jira
